

LC Adapters

Used for accurately mating two connectors, these adapters are suitable for all applications including LAN, FTTx, Telecom. The standard duplex LC adapter is designed around an SC simplex footprint, there is also a quad adaptor available which has the footprint of an SC duplex.

The adapters have flanges to enable them to be securely fixed as well as a clip for applications where screw fixing is not required. The housing is made from plastic with high precision ceramic sleeves to ensure a quality connection. The adapters are available in standard colours used to define fibre type. Typical 500 insertions.

<u>Part Number</u>	<u>Description</u>
AD-LC-DX-MM-FP	LC DUPLEX MULTIMODE (SC SX FOOTPRINT) SCREW TYPE - BEIGE
AD-LC-DX-MM-FP-AA	LC DUPLEX MULTIMODE (SC SX FOOTPRINT) SCREW TYPE - AQUA
AD-LC-DX-MM-FP-HVT	LC DUPLEX MULTIMODE (SC SX FOOTPRINT) SCREW TYPE - HEATHER VIOLET
AD-LC-DX-SM-FP	LC DUPLEX SINGLEMODE (SC SX FOOTPRINT) SCREW TYPE - BLUE
AD-LCA-DX-SM-FP	LC-APC DUPLEX SINGLEMODE (SC SX FOOTPRINT) GREEN
AD-LCQ-MM	LC QUAD MULTIMODE (SC DUPLEX FP)
AD-LCQ-MM-AA	LC QUAD MULTIMODE ADAPTORS, AQUA
AD-LCQ-MM-HVT	LC QUAD MULTIMODE ADAPTORS, HEATHER VIOLET
AD-LCQ-SM	LC QUAD SINGLEMODE (SC DUPLEX FP)
AD-LCAQ-SM	LC APC SINGLEMODE QUAD (SC DUPLEX FOOTPRINT) GREEN
